overpayment amount because the provider has been determined bankrupt or out of business in accordance with §433.318.

- (c) Applicability. (1) The requirements of this subpart apply to overpayments made to Medicaid providers that occur and are discovered in any quarter that begins on or after October 1, 1985.
- (2) The date upon which an overpayment occurs is the date upon which a State, using its normal method of reimbursement for a particular class of provider (e.g., check, interfund transfer), makes the payment involving unallowable costs to a provider.

§ 433.316 When discovery of overpayment occurs and its significance.

- (a) General rule. The date on which an overpayment is discovered is the beginning date of the 1-year period allowed for a State to recover or seek to recover an overpayment before a refund of the Federal share of an overpayment must be made to CMS.
- (b) Requirements for notification. Unless a State official or fiscal agent of the State chooses to initiate a formal recoupment action against a provider without first giving written notification of its intent, a State Medicaid agency official or other State official must notify the provider in writing of any overpayment it discovers in accordance with State agency policies and procedures and must take reasonable actions to attempt to recover the overpayment in accordance with State law and procedures.
- (c) Overpayments resulting from situations other than fraud. An overpayment resulting from a situation other than fraud is discovered on the earliest of—
- (1) The date on which any Medicaid agency official or other State official first notifies a provider in writing of an overpayment and specifies a dollar amount that is subject to recovery;
- (2) The date on which a provider initially acknowledges a specific overpaid amount in writing to the medicaid agency; or
- (3) The date on which any State official or fiscal agent of the State initiates a formal action to recoup a spe-

- cific overpaid amount from a provider without having first notified the provider in writing.
- (d) Overpayments resulting from fraud. (1) An overpayment that results from fraud is discovered on the date of the final written notice (as defined in §433.304 of this subchapter) of the State's overpayment determination.
- (2) When the State is unable to recover a debt which represents an overpayment (or any portion thereof) resulting from fraud within 1 year of discovery because no final determination of the amount of the overpayment has been made under an administrative or judicial process (as applicable), including as a result of a judgment being under appeal, no adjustment shall be made in the Federal payment to such State on account of such overpayment (or any portion thereof) until 30 days after the date on which a final judgment (including, if applicable, a final determination on an appeal) is made.
- (3) The Medicaid agency may treat an overpayment made to a Medicaid provider as resulting from fraud under subsection (d) of this section only if it has referred a provider's case to the Medicaid fraud control unit, or appropriate law enforcement agency in States with no certified Medicaid fraud control unit, as required by §455.15, §455.21, or §455.23 of this chapter, and the Medicaid fraud control unit or appropriate law enforcement agency has provided the Medicaid agency with written notification of acceptance of the case; or if the Medicaid fraud control unit or appropriate law enforcement agency has filed a civil or criminal action against a provider and has notified the State Medicaid agency.
- (e) Overpayments identified through Federal reviews. If a Federal review at any time indicates that a State has failed to identify an overpayment or a State has identified an overpayment but has failed to either send written notice of the overpayment to the provider that specified a dollar amount subject to recovery or initiate a formal recoupment from the provider without having first notified the provider in writing, CMS will consider the overpayment as discovered on the date that the Federal official first notifies the State in writing of the overpayment

§433.318

and specifies a dollar amount subject to recovery.

- (f) Effect of changes in overpayment amount. Any adjustment in the amount of an overpayment during the 1-year period following discovery (made in accordance with the approved State plan, Federal law and regulations governing Medicaid, and the appeals resolution process specified in State administrative policies and procedures) has the following effect on the 1-year recovery period:
- (1) A downward adjustment in the amount of an overpayment subject to recovery that occurs after discovery does not change the original 1-year recovery period for the outstanding balance.
- (2) An upward adjustment in the amount of an overpayment subject to recovery that occurs during the 1-year period following discovery does not change the 1-year recovery period for the original overpayment amount. A new 1-year period begins for the incremental amount only, beginning with the date of the State's written notification to the provider regarding the upward adjustment.
- (g) Effect of partial collection by State. A partial collection of an overpayment amount by the State from a provider during the 1-year period following discovery does not change the 1-year recovery period for the balance of the original overpayment amount due to CMS.
- (h) Effect of administrative or judicial appeals. Any appeal rights extended to a provider do not extend the date of discovery.

§ 433.318 Overpayments involving providers who are bankrupt or out of business.

- (a) Basic rules. (1) The agency is not required to refund the Federal share of an overpayment made to a provider as required by \$433.312(a) to the extent that the State is unable to recover the overpayment because the provider has been determined bankrupt or out of business in accordance with the provisions of this section.
- (2) The agency must notify the provider that an overpayment exists in

any case involving a bankrupt or outof-business provider and, if the debt has not been determined uncollectable, take reasonable actions to recover the overpayment during the 1-year recovery period in accordance with policies prescribed by applicable State law and administrative procedures.

- (b) Overpayment debts that the State need not refund. Overpayments are considered debts that the State is unable to recover within the 1-year period following discovery if the following criteria are met:
- (1) The provider has filed for bankruptcy, as specified in paragraph (c) of this section: or
- (2) The provider has gone out of business and the State is unable to locate the provider and its assets, as specified in paragraph (d) of this section.
- (c) Bankruptcy. The agency is not required to refund to CMS the Federal share of an overpayment at the end of the 1-year period following discovery, if
- (1) The provider has filed for bankruptcy in Federal court at the time of discovery of the overpayment or the provider files a bankruptcy petition in Federal court before the end of the 1year period following discovery; and
- (2) The State is on record with the court as a creditor of the petitioner in the amount of the Medicaid overpayment.
- (d) Out of business. (1) The agency is not required to refund to CMS the Federal share of an overpayment at the end of the 1-year period following discovery if the provider is out of business on the date of discovery of the overpayment or if the provider goes out of business before the end of the 1-year period following discovery.
- (2) A provider is considered to be out of business on the effective date of a determination to that effect under State law. The agency must—
- (i) Document its efforts to locate the party and its assets. These efforts must be consistent with applicable State policies and procedures; and
- (ii) Make available an affidavit or certification from the appropriate State legal authority establishing that the provider is out of business and that the overpayment cannot be collected under State law and procedures and
